A message from our new Director

It's that exciting time of summer yet again, Fair is fast approaching! This significant event marks the nearing culmination of the 4-H year of learning and fun. We could not have come this far without all of the efforts and enthusiasm of our volunteers, parents and children. I could not be more appreciative of the hard work that is dedicated to providing these life skills for our youth, and an incredible fair experience!

A record number of kids and animals are expected this year. To make this the best and safest experience for all involved, please remember the importance of our Code of Conduct and to always put our best foot forward when representing or participating in 4-H.

I look forward to experiencing the 2018 Fair with each and every one of you and helping to making the best better!

Colorado State University Extension, U.S. Department of Agriculture and Colorado counties cooperating. Extension programs are available to all without discrimination. If a participant requires special accommodations at any Larimer County 4-H Event, please provide 7 days notice.

Livestock Record Book Check

4-Hers showing livestock, horse or pet/exotic projects are required to present a current (up-to-date) record book at check-in time. Your e-Record books for animal projects cannot be completely finished since you won’t have show or sale results, but all other project information up until fair time should be recorded. Record book checks are standardized across species and we will be using a uniform check-in document. Please review the requirements by going to www.larimer.org/ext Click on Larimer County Fair at the top.

At check-in, if any part of the record book does not meet the minimum requirements listed on the form, 4-H youth will have one hour on site to correct and complete their book. If the books are not re-checked satisfactorily within one hour of check-in, 4-H youth will not be allowed to show. This applies to: horse, beef, sheep, swine, dairy cattle, goats, poultry, rabbits, dogs, cats and alpaca/llamas.

Rabies Awareness

Larimer County has seen an increase in the number of wildlife that have tested positive for rabies. The wildlife can spread the disease to your 4-H Livestock Projects. It is recommended that you vaccinate your livestock projects against rabies. Here are some things to consider when trying to vaccinate your livestock projects:

- The surest way for to prevent rabies in livestock is through vaccination.
- It is recommended that licensed veterinarian administer the vaccine however, for livestock, other than horses, you can administer yourself. Accurate records need to be recorded at the time of vaccination (animal ID, date of vaccination, name of product, serial or lot number, and the expiration date of the vaccine).
- The vaccine can be purchased over the counter from a retailer.
- Rabies vaccination needs to be updated annually for the animal to have immunity to rabies.
- Unvaccinated animals that come in contact with a rabid animal have to go through a very lengthy quarantine (6 months) or euthanasia (this is required by state law).
- If your vaccinated animal is exposed to a rabid animal they will need a booster shot and will more than likely undergo a home quarantine for a period of time.
- Please remember to read and follow all of the directions on the label. This includes the withdraw time.

**Please remember this is not to scare you.** This is to only inform you that so you can take proper care of your livestock project. If you have any questions about rabies, please consult your veterinarian.

Special Note: Dogs, Cats, & Horses must be vaccinated by a licensed veterinarian.

Livestock Buyer Contacts

The Larimer County Fair is quickly approaching and with that so comes the Livestock sale. The buyer contacts have gone in the mail if you do not receive yours by June 30, please contact Cindy Buckardt via email at csh@frii.com If you are a first time eligible participant and have no idea what to do please contact Cindy and she will match you up with a person from the sale committee to go with you and guide you for your first time. Remember all contacts MUST be made prior to July 24.

If you are a parent of a child but own a business or in some way connected with Larimer County 4-H you may not receive a personal contact from a 4-H youth. The hope from the youth making their sale contact is to bring potential buyers and past buyers not affiliated with 4-H into the sale. If you know of any potential business that might like to be contacted please send name, address, phone number and a contact name if available send information to Cindy Buckardt (csh@frii.com)

If you would like to participate in the County Shoot for your discipline, but have previous plans on that date that prevent you from making the shoot, please contact your superintendent before the contest, to see if other arrangements are possible. When participating in more than one discipline, remember that you are only required to make one display board or one stand alone project for the discipline of your choice for County Fair. You are required to complete your record book, including all disciplines you participated in and supplemental pages for each.

Shooting Sports Information

All disciplines have a mandatory information/safety orientation meeting at the start of the project. If you do not have equipment, please do not purchase equipment until after the safety and information orientation. If you have equipment already, please bring it to this meeting to be checked and approved. Special note: Practices will be held unless severe, inclement weather arises. See Master Calendar for all practice dates/times/locations for each discipline.

Shooting Sports

Larimer County offers nine shooting sport disciplines: Archery, Air Rifle, Air Pistol, Shotgun, .22 Rifle, .22 Pistol, Muzzleloading, Western Heritage and Outdoor Skills. Larimer County requires that all 4-H participants attend a minimum of four (4) county practices for each discipline in which they wish to participate in the county shooting competitions. (see Shooting Sports Policy) Practices are not required to complete a shooting sports project. To complete a shooting sports project you must complete a record book and present a topic or display board over something in your discipline. The County Shoots are held in late June and July, generally on a weekend. A youth must participate in a county shoot to qualify for the state competition. To participate in a state competition a youth must have a hunter education certificate. A bow hunter card is satisfactory for archery participants. Larimer County requires members to exhibit at the county fair in order to participate in the State Shooting Competitions.

For practice dates please look at the calendar in this newsletter or visit https://www.lc4hss.org/

Shooting Sports Policy

Larimer County 4-H Shooting Sports has established the following uniform required practices policy. All participants must attend a minimum of four (4) county practices for each discipline in which they wish to participate in the County Shoot. If the youth is participating in .22 rifle and air rifle, the youth must attend two practices in each rather than four in each. The information, orientation and/or safety meetings are required, but do not count as a practice. Two club practices conducted by a state certified leader in the discipline will count if the following conditions are met: List of planned Club practices must be sent to the Extension Office by April 1. A list of additional practices should be submitted one week prior to the time the practice is held. Other 4-H members who call may participate in the practice provided the range will accommodate increased numbers. The attendance list must be signed by the certified 4-H Shooting Sports Leader and sent to the 4-H Extension Agent within a week for the practice to count.
