

## Air Pistol/Air Rifle Job Description

### October-January

1. Meet with other shooting sports leaders to decide county shoot dates. Go over other important information during the off season.
2. Take inventory of all firearms and equipment, inspect and repair equipment.
3. Submit wish list to Cindy Buckardt.
4. Reserve Exhibit hall in the McKee building for practices January-August. Request the building to open at 6 for set up and begin the practice at 6:30.
5. Prepare for Orientation.
6. Hold combined orientation for returning shooters.
7. 1<sup>st</sup> New shooter workshop (can be January or February).

### February-May

1. Create check-in list for workshops and all practices.
2. 2<sup>nd</sup> New shooter workshop.
3. Start scheduled practice (two 30 minute rounds with two 5 minute sight in periods). Generally the first practice is for new shooters only for more 1-1 time with coaches.
4. At practice remind members to be working on projects and record books.
5. Make requests for additional leaders and Orion volunteers (as needed).
6. Organize and hold a fun shoot during a practice – optional.

### June

1. Start looking over check in sheets for members that do not have 4 practices and notify. Check with .22 rifle on cross over members for at least 2 in each discipline.
2. Create county shoot sign up and have available at least 3 practices prior to county shoot.
3. Possibility of attending with a team member or coaching the National team (last week of June in Grand Island, NE)

### July

1. Help other disciplines with project and record book workshops.
2. Submit county shoot list to Orion team to create labels for targets.
3. County Shoots – if available help with .22 county shoot as they will help with Air county shoot.
4. Submit state team list to those responsible for completing the registration.
5. State team practice
6. Help with interview judging day.

### August

1. State team practice – possibly need to organize practice at a different location due to fair (Front Range Gun Club).
2. Prepare equipment for state shoot
3. Take equipment and coach members at state shoot.
4. Return equipment to the McKee building after state shoot.
